

Web Advantage

Package One:
SEO -Guaranteed Results

This package is specifically designed to get a minimal performing website to a guaranteed top 10 ranking position!.

- Page by page identification report locates everything on your site that can be improved for better search engine ranking
- Know the best keywords for highest ranking and returns
- Identifying and eliminating the pitfalls that some words create that hinder search engine ranking
- We hand the report to and deal direct with your webmaster for optimised results
- We guarantee a Top 10 ranking in your primary keyword (Google)

Advantage Plus

Package Two:

Using the benefits of the Web Advantage Package (Package One) we now focus on competitor websites and identify how or why they rank higher and drive your website ahead of the rest!

- Comparative Analysis of up to two competitor sites to give you the edge over your competition
- Up to two follow up meetings direct with your webmaster.

Platinum Advantage

Package Three:

Incorporating the benefits of package one and two, we maximize your web presence by strategically placing keywords in their correct place and then submitting your website to over 400 search engines for maximum Google ranking.

- Comparative Analysis of up to three competitor sites to give you the edge over your competition
- Includes up to 5 follow up meetings with your webmaster if needed
- Submission to up to 400 search engines once recommendations have been implemented, giving you peace of mind that the major search engines know you're out there

SEO-Professional.com.au can not guarantee the frequency or the timing with which the search engines send out their spiders. This is out of our control. However, we have had great success in the past with very short turn around times even with engines as large and as popular as **Google** and **YAHOO!**
